but landed safely in deep water. They swam back up and explored. Suddenly they knew they were in a jungle. It was a very small jungle. They met a gigantic T. Rex. They ran as fast as they could go.

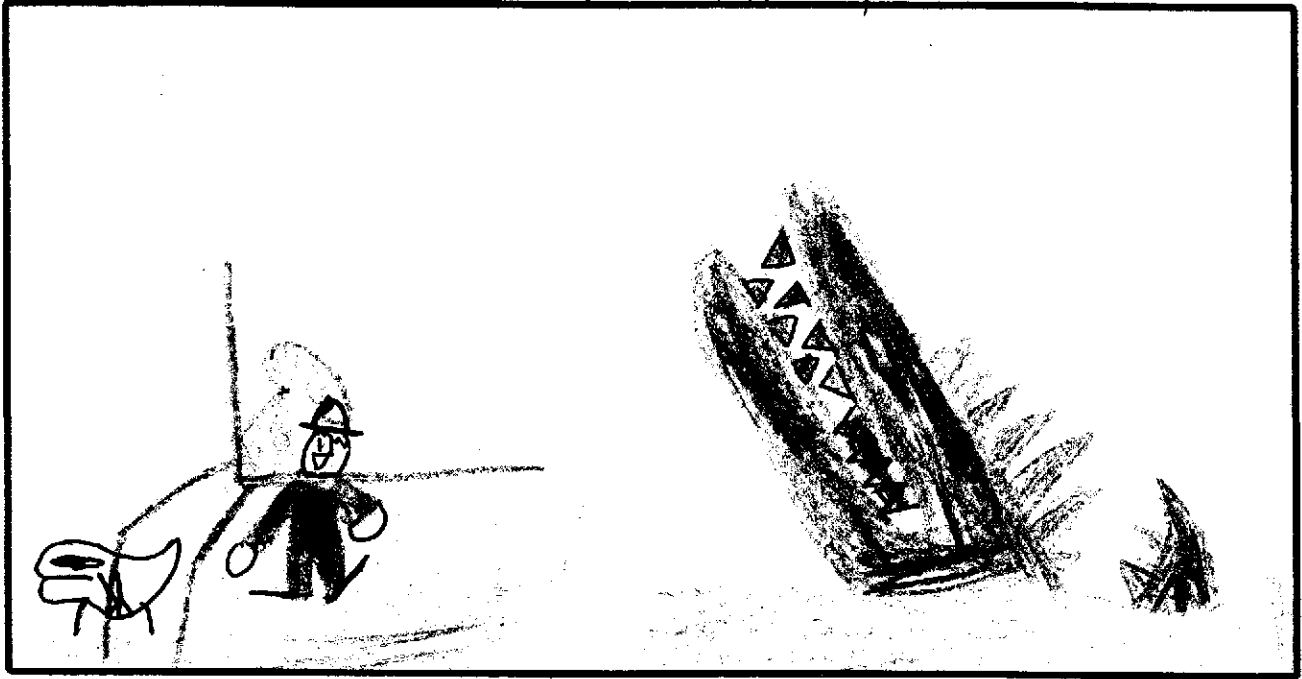

Adventure (Part 5)

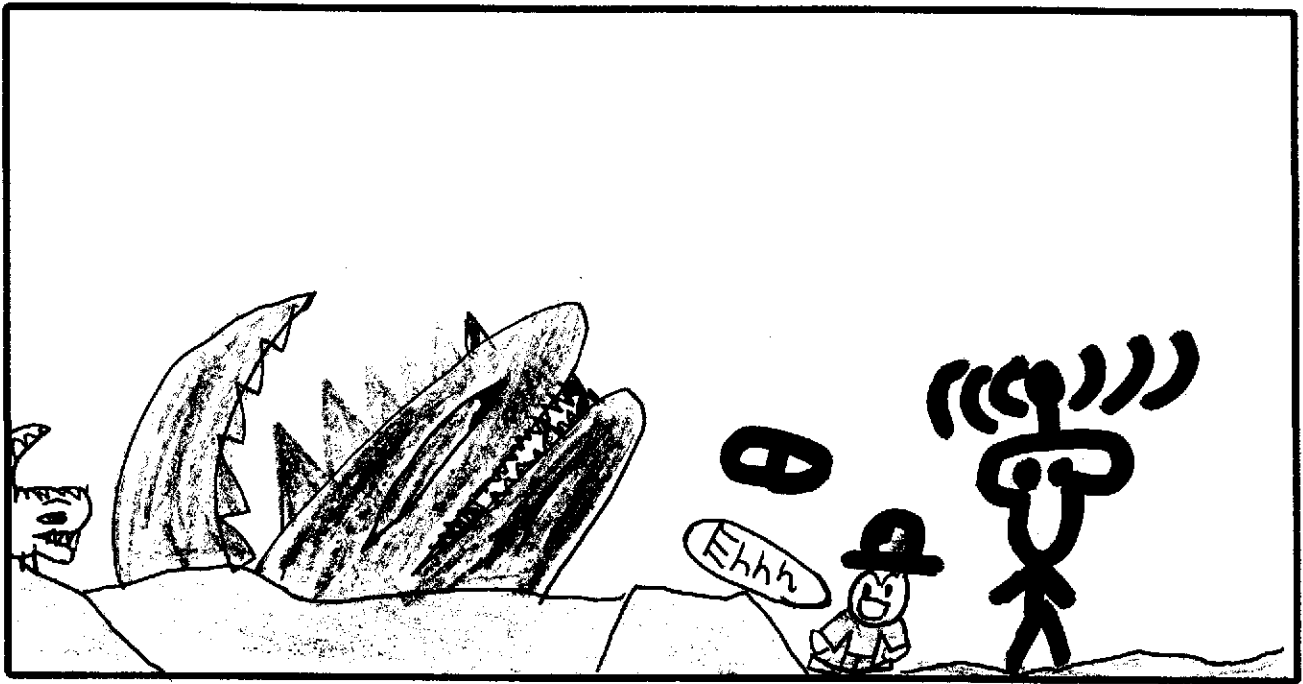

Luckily they made it past the T.Rex but a T.Rex would usually come after you so they ran into the jungle. The T.Rex chased after them again but ran into a tree. The T.Rex was knocked out.

big crocodile came out of
the pool. Darragh threw his

sleeping pill in the croc's
mouth so they found another

goodbye to their Alien
Friend and walked into
the time portal. They were back
in the cave and had plenty
of food. They slept in their beds and said
