Once there was an assassin  
called Jack. He lived in a Roblox  
world where everything was made  
of 3D blocks. His job was to bring  
robbers to jail and to kill monsters.  
One day, Jack saw a wishing well.  
He wished to have everything

that he wanted. He wanted more powerful weapons and handcuffs to make his job easier.

Along came a toxin man called Toxy. He could throw toxin on walls to help them down. He was wild. He started to destroy

everything in the Ro-Box world.

Jack saw fire and green flames and

Jack knew Toxy was up to no

good. Jack got his new,

powerful sword that he wished for.

He raced towards Toxy. Toxy tried

to burn the sword but he burned the

tip instead. This made it more  
powerful because it was on fire. Jack  
sliced up Toxy. He put him in an oven  
to make a toxy pie. That was the  
end of Toxy.

The End.
